3. I met with Gordon Stewart, [REDACTED] Ed Saunders, [REDACTED] and Gates Lloyd to discuss our new Regulations concerning "manpower controls." Gordon proposed that ceilings be controlled by organizational components and average salaries by Career Services and Ed believed that it would be preferable to have both ceilings and average salaries controlled by organizational components. After considerable discussion we decided to adopt Gordon's point of view.

5. Dr. Tietjen was in to talk to me about the two rooms which we wanted him to give up in order to accommodate the computer. He understood the necessity for the computer but queried as to whether he or TSS should give up the two rooms. I told him that I would look into this and make a decision.

6. Dr. Tietjen wanted to appeal Personnel's refusal to upgrade the positions of Deputy Chief of Administration and Registrar to grades GS-13. I told him that I would not overrule Gordon Stewart on this but that if the loss of these two individuals would really put him in a hole I would give consideration to their promotions on an incumbency basis.
